

Deliverable #3: Iteration 2/Sprint 2

All late submissions will be marked zero

You have to submit the following contents for Sprint 2:

1. **Sprint Backlog** for Sprint 1 including
 - a. Name the module that you want to develop in Sprint 2
 - b. User stories you have selected to be developed in Sprint 2 and their sub user stories (in proper user story template).
 - c. Update Trello board.
 - d. Add three screen shots
2. **Design**
 - a. Draw data flow diagram (Level 0, Level 1, Level 2)
 - b. Draw activity diagram for three main processes of your system. For instance, if you are developing a library management system, draw an activity diagram for book issuance, fine calculation, etc.
HINT: keep your user stories in mind.
 - c. Draw Use case diagram of your system. Ensure that all your actors are presented.
 - d. Draw sequence diagrams for the three main activities of your system.
 - e. Draw a class diagram of your system with the possible relationship between classes identified.

Your D2 report should be comprised of:

1. Title page: Subject name, Project name, Group members' names and roll numbers, Deliverable number, date of submission
2. Follow provided template
3. Main body of the document:
 - a. Project title and Introduction
 - b. User stories
 - c. Design
 - d. Scrum Board
 - e. Work division

- f. Implementation screen shots

Submit

- a. Iteration 2 documents
- b. Implementation
